

THE VIC ANTHEM

Find it on the front page of www.vicbikerspub.co.uk pass it around your friends

We got winners; we got losers, chain smokers and boozers
And we got yuppies, we got bikers, we got thirsty hitchhikers
And the girls next door dress up like movie stars
Hum hum hum hum hum I love this bar

We got cowboys we got truckers, broken hearted fools and suckers
And we got hustlers; we got fighters, early birds and all night'ers
And the veterans talk about there battle scars
Hum hum hum hum hum I love this bar

Oh I love this bar, my kinda place
Just walking through the front door
Puts a big smile on my face
It ain't to far, come as you are
Hum hum hum hum hum I love this bar

I've seen short skirts, we got Hi tees
Blue collared bows and rednecks
We got lovers, lots of lookers
An I've even seen dancing girls and hookers
And we like to drink our beer from a mason jar
Hum hum hum hum hum I love this bar, yes I do

I like my truck, and I like my girlfriend
I like to take her out to dinner
I like a movie now an then
But I love this bar
My kinda place
Just crooning around the dance floor
Puts a big smile on my face
Low cover charge, come as you are
Hum hum hum hum hum I love this bar
Hum hum hum hum hum I love this bar
